### Introduction

Thank you for using Sidify Deezer Music Converter for Windows!

[Sidify Deezer Music Converter for Windows](#) is one of the most popular music tools that helps you download music from Deezer Free and Deezer Premium. It's specially designed for converting Deezer music, albums, artists, and playlists to MP3, AAC, WAV, FLAC, AIFF or ALAC format at 10X faster speed. Also, it can be used to convert local audio files to MP3/M4A/FLAC/WAV/OGG and edit ID3 tags.

Compared to other similar programs, Sidify is the King of the output audio quality. Sidify keeps up to Hi-Fi audio quality after conversion and retains ID3 tags. Moreover, it's a 100% clean and safe program, with no request to install any extra app except for the Deezer Music app.

By now, it is fully compatible with Windows 11, 10, 8, 7. With a simple and concise interface, the Sidify Deezer Music Converter for Windows is easy to use. It works with the Deezer Web player. Once you launch the Sidify Deezer Music Converter, the Deezer Web player will pop up automatically. Run the Sidify on your PC, open a playlist, and select the songs you like to download, click the Add button to add to the conversion panel, then in "Settings", choose MP3/AAC/WAV/FLAC/AIFF/ALAC as the output format and select the output folder, click the Convert button and Sidify would soon starting exporting Deezer music to your local computer.

## Key Features

## Add and Delete Music Files

To continue, check off your preferred song and tap the **Add** button to add them to the converter

## Convert Music Files

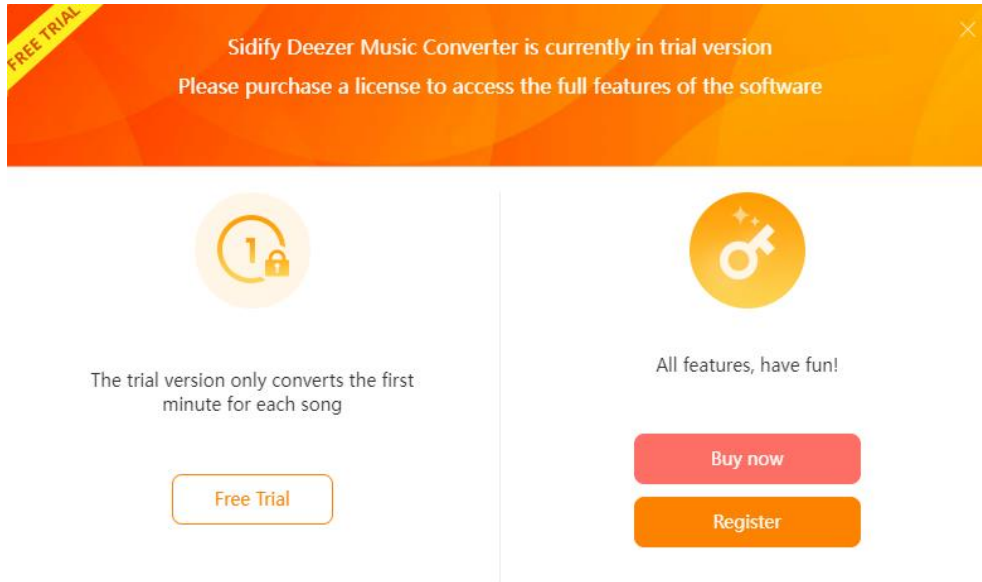

Once everything is ready, just click the **Convert** button to start converting.

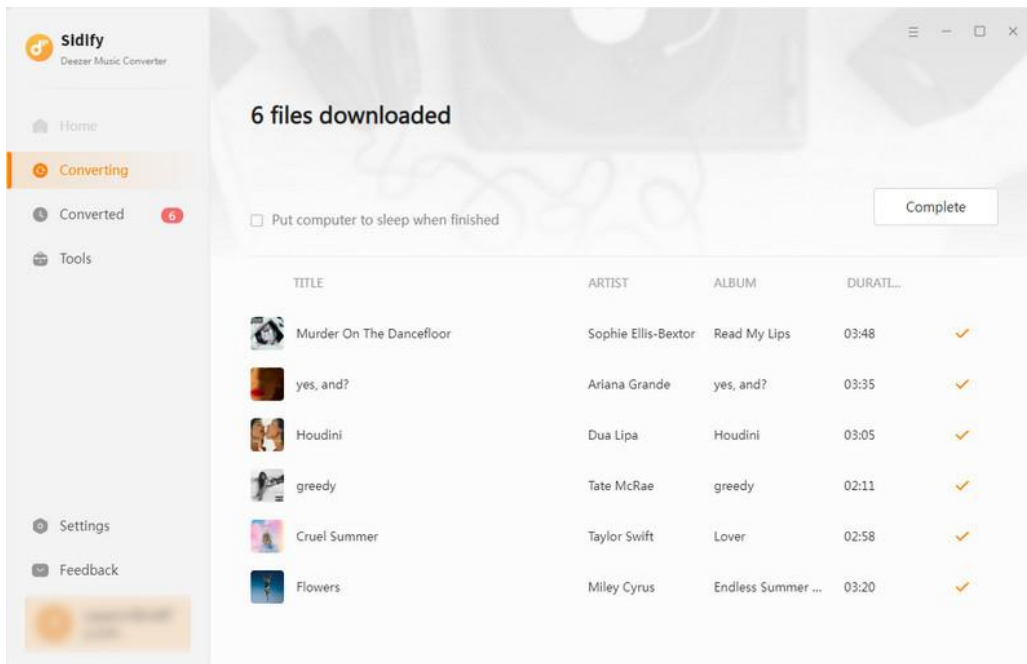

# Tutorial of Sidify Deezer Music Converter for Windows

Note: If you are an unregistered user, you'll see a prompt message as below after clicking the **Convert** button. Simply click "OK" or close it to continue or click "Buy Now" to get it registered.

## Check Conversion History

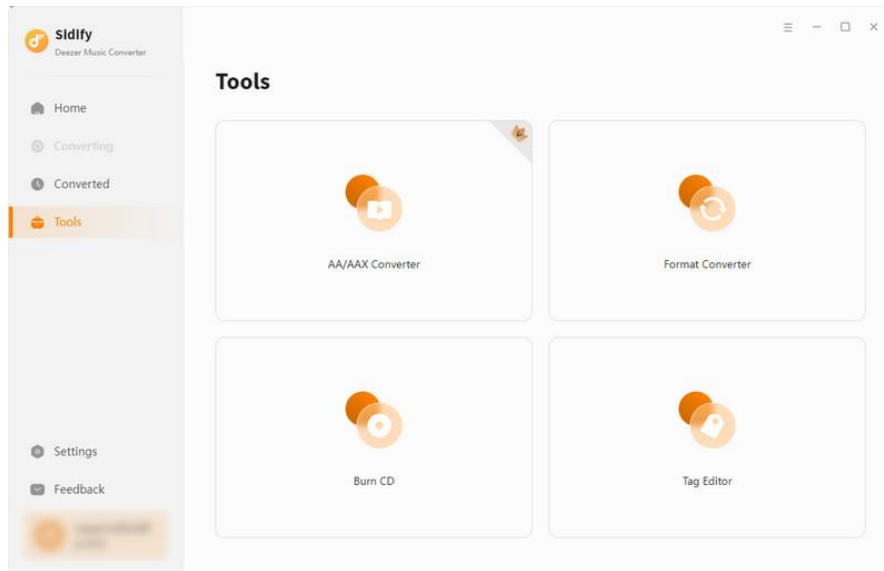

When the conversion is done, you can find the converted audio files by clicking the **Converted** tab. You can also check the converted files by directly going to the output folder set previously.

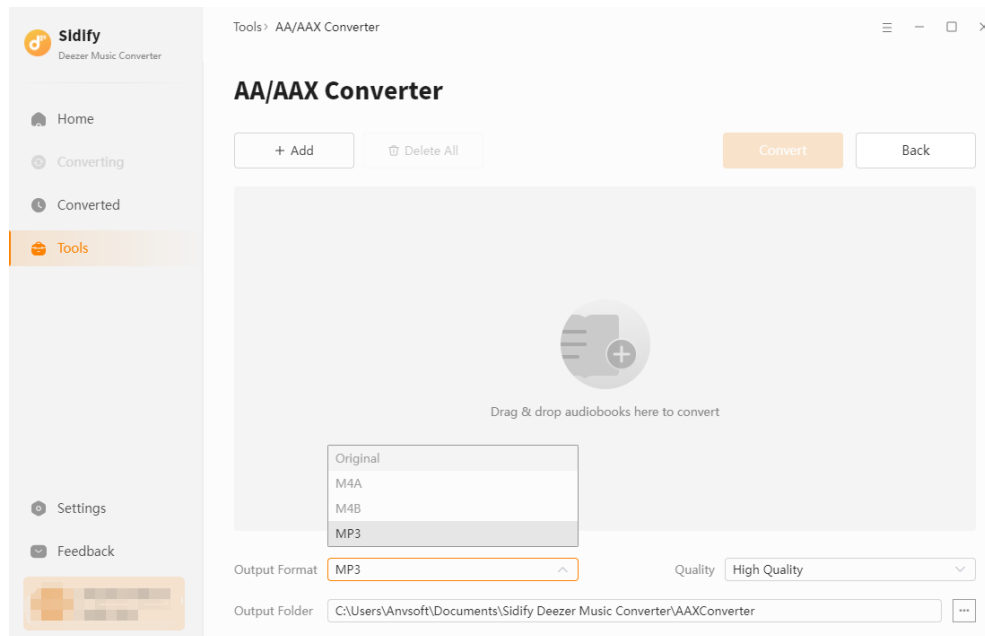

## Additional Tools

In the **Tools** tab, Sidify provides users with the features of audio or audiobooks format conversion, tag edition and CD burning to help manage the music files more conveniently.

## AA/AAX to MP3 Converter

Go to the Tools section, select **AA/AAX Converter**, and then directly drag and drop the audiobooks from the PC to convert. Audiobooks output format can be **MP3/M4A/M4B**. As all set up, tap the Convert to start the process.

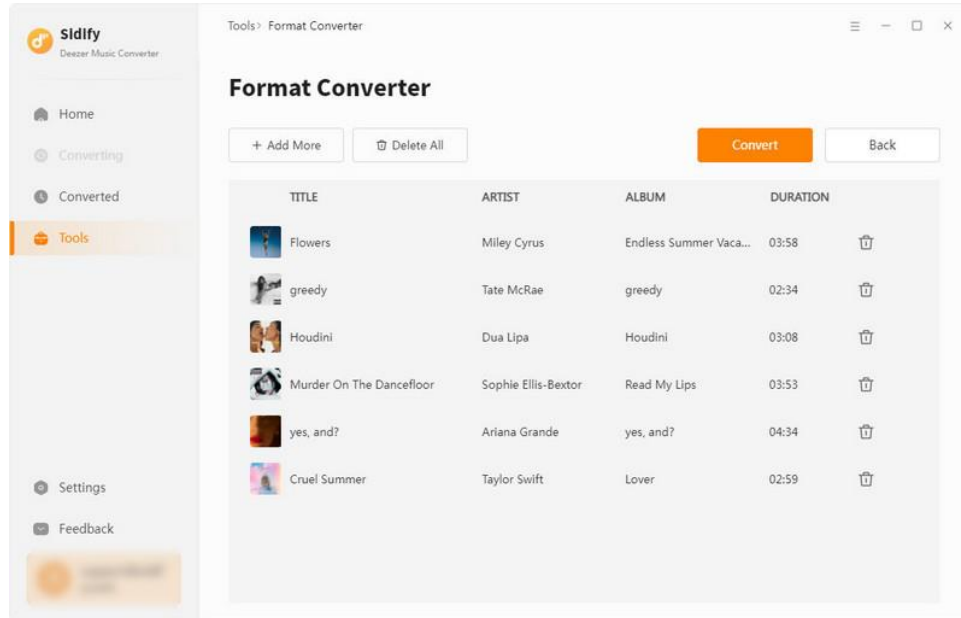

# Tutorial of Sidify Deezer Music Converter for Windows

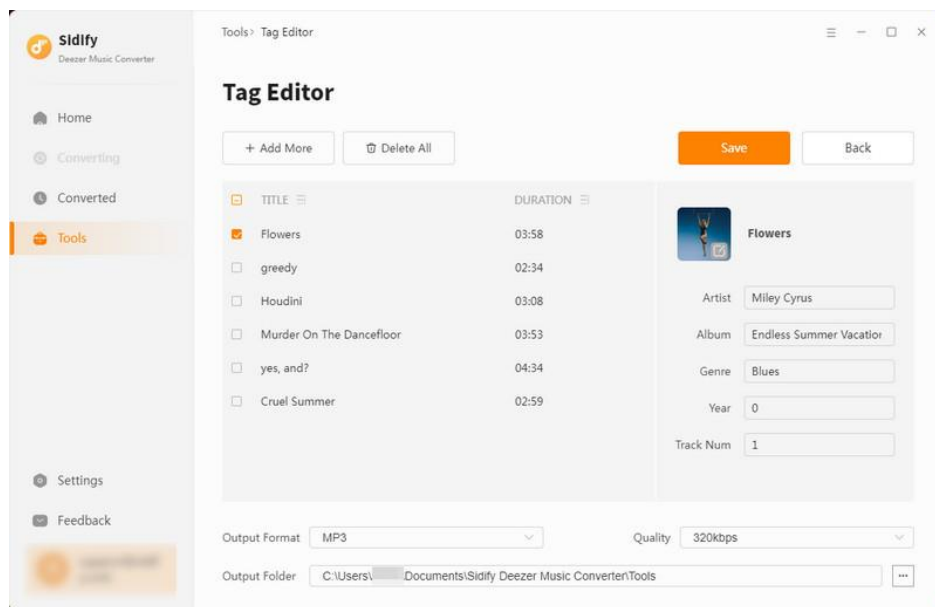

## Format Converter

Select **Format Converter**, and then click the **Add** button and browse & upload your local audio files to Sidify. Choose the output format (MP3, M4A, FLAC, WAV, OGG, AIFF), specify the output folder and finally click the **Convert** button to export them to the local drive.

## Edit Tag

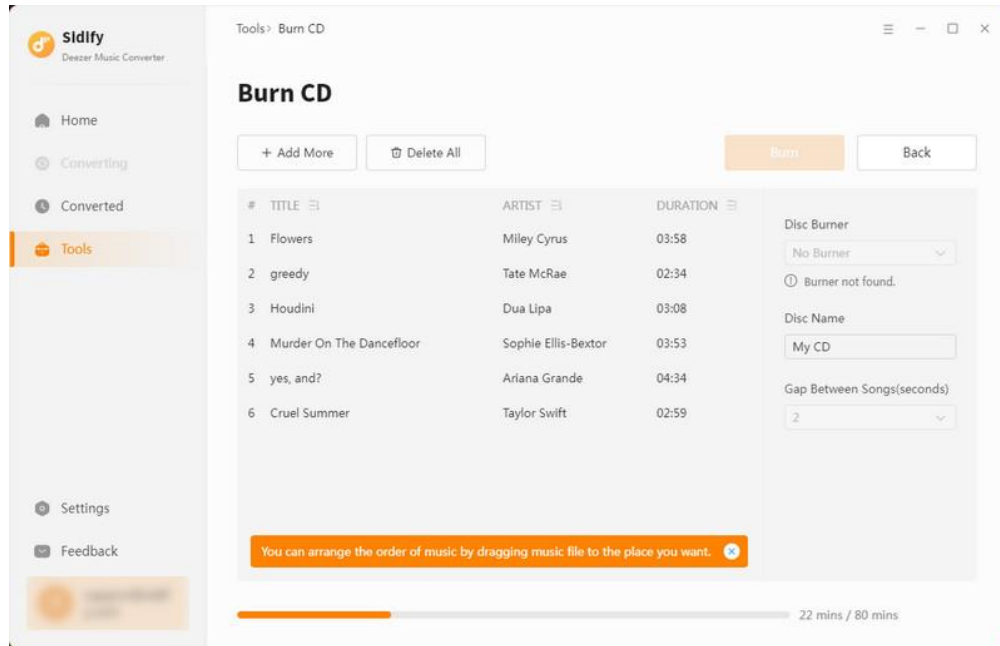

In the **Tools** tab, select **Edit Tag**, and then click the Add button on the upper left corner and browse & upload your local audio file to Sidify. You can then edit the Title, Artist, Album, Genre, Year and Track Number.

## Burn CD

In **Tools** tab, click Burn CD section. Here, you can add songs from the local computer and insert your CD as preparation. As long as you put all your songs for burning, tap the Burn button to start the process until it finished.
