#### **Choose Conversion Mode**

Step 1: Click Sidify desktop icon to launch Sidify Music Converter Free. And pick any one mode that you want to start with. The will vary the way of adding music in the following step.

#### **Import Spotify Music**

**App Mode:** You can directly drag & drop a song or playlist from Spotify to Sidify main interface. Or right-click on any playlist/ track, tap "Share" in drop-down list, press "Copy Playlist/Song Link", paste the link to this window.

After the tracks being added, you can uncheck the songs that you needn't convert beforeclicking **Add**.

**Webplayer Mode:** From the Spotify web player window, navigate to the song and playlist. And tap the "Click to add" button. And then tick off those songs that you want to download offline.

### **Adjust Output Settings**

Click the **setting** feature which allows you to set output format (MP3, AAC, FLAC, ALAC or WAV). **Selection of conversion mode will be available in Pro version.** On the lowersection of setting window, you can change the output path if needed, as well as specify output folders organized by Artist, Album, Artist/ Album, Album/ Artist or None.
